Graduate Software Developer

Graduate Software Developer with hands-on experience building responsive front-end applications using HTML, CSS, Tailwind, JavaScript, and React. Completed multiple structured development projects through CodeSpace Academy, focusing on clean UI implementation, interactivity, and version control using GitHub. Currently learning Java to strengthen back-end and object-oriented programming skills, with the goal of progressing toward full-stack development. Seeking a Junior Front-End or Software Developer role.

TECHNICAL SKILLS

- HTML5
- CSS3
- Tailwind CSS
- JavaScript (ES6+)
- TypeScript
- React
- GitHub (version control, forks, commits)
- Responsive Web Design
- DOM Manipulation
- Debugging & Browser Developer Tools
- Java *(currently learning fundamentals and OOP concepts)*

PROJECT EXPERIENCE

Front-End Development Projects | CodeSpace Academy
Technologies: HTML5, CSS3, Tailwind CSS, JavaScript, React, GitHub

- Built multiple responsive front-end web applications using HTML5 and CSS3, translating design requirements into structured and accessible user interfaces.
- Implemented modern layout techniques using Flexbox and CSS Grid to ensure cross-device compatibility and consistent UI behavior.
- Styled applications with Tailwind CSS, improving development speed and maintaining consistent design systems across projects.
- Developed JavaScript-driven functionality, including DOM manipulation, event handling, and basic application logic to enhance user interaction.
- Created and maintained reusable React components using component-based architecture to improve code organization and scalability.
- Used GitHub for version control, managing repositories, forks, commits, and incremental feature development.
- Debugged layout, styling, and logic issues using browser developer tools, improving application stability and usability.

EDUCATION

FNB APP Academy (May 2025 – July 2025) Software Development.

CodeSpace Academy (June 2024 – June 2025) Software Development.

- Graduated with an 70% overall average.

Maroba Secondary School (2016)
